## PRODUCT CODE: MED-NC-RTU-PT

Kareage distributes a Wireless Personal Pendant (RTU-PT) that has an exclusive ID encoded RF Transmitter which communicates with the Wireless Receiver Box (RRU) or the Universal Call Point (UCPV5.1). It enables the resident to call for assistance anywhere in their room or ensuite without the need to move from their rest position.

The pendant has many important features such as: (a) silicon button with braille and anti-microbial/anti-fungus (b) small, lightweight, and visually appealing (c) easy access battery cover (d) low battery indicator (e) snap-joint lanyard (f) prohibits false triggers (g) water resistant IP67.

Simply program the pendant to the Wireless Receiver (RRU) or Dual Function Call Point by following the printed instructions. The pendant will now trigger the call point when activated within the transmitting area.
